

SUPPLEMENTAL FORM
Visitation Academy, #7975

This form will be included in your application packet for Visitation Academy only.

As you complete this required supplement, please note that the Principal/Head/Counselor/School recommendation - although included in the same PDF as the other mandatory forms - is **NOT REQUIRED** for admission. This item always will display online as "not submitted" but will not affect your application status.

Please also note that Visitation Academy requires applicants to submit three years of report cards and three years of standardized testing. **This three-year requirement differs from the instructions that appear on the printable academic record form.** Each applicant is strongly encouraged to verify that her current school is submitting the proper information.

Instructions for the Applicant:

- Forms will be electronically processed and should only be used for the student whose name appears pre-printed on the form.
- All forms will be scanned and transmitted to schools electronically. Where possible, send materials as single-sided, 8 1/2 x 11 pages; do not staple. Please do not write on the back of the form or copies.
- Additional pages, if any, must be submitted together with the pre-printed school supplement form. Do not send materials separately or they will not be processed.
- Mail to SSAT and include this completed cover sheet.
- Please contact apply@ssat.org with any questions about submitting this form.
